MPP SERVICE OVERVIEW

Your local trusted property representative

My Property Partner provides property-care, cleaning and concierge services for owners of villas and second homes in the Var. We help keep your property checked, prepared and ready for your next visit, with English-speaking support for owners and guests.

Property inspections & reporting

- Monthly inspections — scheduled visual checks, with a written report and photographs highlighting your property's condition and any issues requiring attention.
- Post-storm inspections — checks following severe weather, with a written report and photographs of visible damage or concerns.
- Owner updates — clear, factual reporting so you stay informed while you are away.

Airbnb concierge & guest management

- English-speaking guest communication and practical support before arrival and during stays.
- Guest arrivals and departures, key handovers and guidance on using the property.
- Coordination of cleaning, linen changes and property preparation between stays.

Winter care & household system checks

- Whole-home operational checks during quieter months to help keep the property ready for use.
- Running agreed household equipment and systems periodically, following owner instructions, to keep them in regular use through winter.
- Airing rooms, running taps, checking heating settings and reporting any faults or concerns.

Cleaning, keyholding & practical support

- Routine cleaning, laundry, linen management and owner-arrival preparation.
- Secure keyholding, contractor access and appointment coordination.
- Agreed delivery reception, meter readings and authorised emergency visits.
- Minor, non-technical property-care tasks and incidental purchases with prior approval.
